

The ESRF is a multinational research institute, situated in Grenoble, France and financed by 22 countries mostly European. It operates a powerful synchrotron X-ray source with some 30 beamlines (instruments) covering a wide range of scientific research in fields such as biology and medicine, chemistry, earth and environmental sciences, materials and surface science, and physics. The ESRF employs about 650 staff and is organized as a French *société civile*.

**We have openings for research, technical and administrative staff regularly throughout the year.**

Information can be found on our web site at <http://www.esrf.eu>
