

Dear Colleague,

we would like to remind you to register for the European XFEL Users' Meeting which will take place on 25 - 29 January 2021, in conjunction with the DESY Photon Science Users' Meeting.

The week comprises virtual sessions on research with free-electron laser and synchrotron radiation sources, scientific poster sessions, and sessions on future developments. European XFEL Satellite workshops will be held on 20, 21 and 25 January 2021.

Deadline for registration and submission of posters: 6 January 2021

Registration, latest programme and further information for the Users' Meeting and Satellite Meetings: www.xfel.eu/2021um

We look forward to your participation.

Best wishes and Season's Greetings,
Sakura Pascarelli
for the Organizing Committee

IMPORTANT: In case you do not wish to receive email information about future events from European XFEL through this mailing list any longer, please send an email to the list administration (imke.gembalies@xfel.eu) at your earliest convenience.
