

Call for Proposals (reminder)

User Experiments at the European XFEL (July-December 2021)

Deadline: 16 December 2020 16:00 - Hamburg/Schenefeld time – CET

(Note the unusual deadline time!)

The European X-Ray Free-Electron Laser Facility (European XFEL, <https://www.xfel.eu>) encourages the scientific community worldwide to submit proposals for User Experiments via the [User Portal to the European XFEL \(UPEX\)](#) **until Wednesday, 16 December 2020 16:00 (local Hamburg/Schenefeld time - CET)**

Beamtime will be allocated to successful proposals from July to December 2021. For details, please refer to [the full announcement of the call](#) on our homepage.

Proposals shall consider the [specific conditions](#) expected for this allocation period. **Please also refer to the [specific instrument web pages](#) for more details about available parameters, equipment and systems for this call at the scientific instruments participating in this call:**

- [Femtosecond X-Ray Experiments \(FXE\)](#)
- [Single Particles, Clusters, and Biomolecules and Serial Femtosecond Crystallography \(SPB/SFX\)](#)
- [High Energy Density Matter \(HED\)](#)
- [Materials Imaging and Dynamics \(MID\)](#)
- [Spectroscopy and Coherent Scattering \(SCS\)](#)
- [Small Quantum Systems \(SQS\)](#)

IMPORTANT CONTACTS:

Before submitting their proposals, prospective users are required to contact our instrument scientists to specifically check on feasibility conditions for this call:

- [FXE](#)
- [SPB/SFX](#)
- [HED](#)
- [MID](#)
- [SCS](#)
- [SQS](#)

General enquiries can be directed to the European XFEL User Office:

Email: useroffice@xfel.eu

Phone: +49 (0)40 8998-6937 or -6767

IMPORTANT: In case you do not wish to receive email information about future events and calls for proposals from European XFEL through this mailing list(s) any longer, please send an email to the list administration (imke.gembalies@xfel.eu) at your earliest convenience. Apologies for cross-posting!
